**WHEREAS**, the New Jersey Department of Environmental Protection has mandated that all municipalities are required to revise their stormwater control ordinance to conform with the State of New Jersey’s recently amended stormwater management rules (See N.J.A.C. §7:8); and

**WHEREAS**, the Board of Commissioners of the Borough of Allenhurst, in order to be in compliance with the requirements of the State, hereby amends and supplement the Borough Code of the Borough of Allenhurst, Development Regulations, Chapter 26 by deleting the current Section 26-12 et seq. in its entirety and replacing it with the following new Section 26-12 entitled “Stormwater Control”.

**NOW THEREFORE, BE IT ORDAINED** by the Board of Commissioners of the Borough of Allenhurst, County of Monmouth, State of New Jersey, that Chapter XXVI of the Borough Code of the Borough of Allenhurst be and is hereby revised to delete the existing Subsections 26-12.1 through 26-12.13 entitled “Stormwater Control” and replace it with the following:

**§26-12 Stormwater Control**

**26-12.1. Scope and Purpose:**

A. Policy Statement

Flood control, groundwater recharge, and pollutant reduction shall be achieved through the use of stormwater management measures, including green infrastructure Best Management Practices (GI BMPs) and nonstructural stormwater management strategies. GI BMPs should be utilized to meet the goal of maintaining natural hydrology to reduce stormwater runoff volume, reduce erosion, encourage infiltration and groundwater recharge, and reduce pollution. GI BMPs should be developed based upon physical site conditions and the origin, nature and the anticipated quantity, or amount, of potential pollutants. Multiple stormwater management BMPs may be necessary to achieve the established performance standards for green infrastructure, water quality, quantity, and groundwater recharge.

## B. Purpose

The purpose of this ordinance is to establish minimum stormwater management requirements and controls for “major development,” as defined below in Subsection 26-12.2.

## C. Applicability

1. This ordinance shall be applicable to the following major developments:
  - i. Non-residential major developments and redevelopment projects; and
  - ii. Aspects of residential major developments and redevelopment projects that are not pre-empted by the Residential Site Improvement Standards at N.J.A.C. 5:21 et seq.
2. This ordinance shall also be applicable to all major developments undertaken by the Borough of Allenhurst.
3. Applicability of this ordinance to major developments shall comply with last amended N.J.A.C. 7:8-1.6, incorporated herein by reference.

## D. Compatibility with Other Permit and Ordinance Requirements

Development approvals issued pursuant to this ordinance are to be considered an integral part of development approvals and do not relieve the applicant of the responsibility to secure required permits or approvals for activities regulated by any other applicable code, rule, act, or ordinance. In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare.

This ordinance is not intended to interfere with, abrogate, or annul any other ordinances, rule or regulation, statute, or other provision of law except that, where any provision of this ordinance imposes restrictions different from those imposed by any other ordinance, rule or regulation, or other provision of law, the more restrictive provisions or higher standards shall control.

### **26-12.2. Definitions:**

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this ordinance clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. The definitions used in this ordinance shall be the same as the last amended Stormwater Management Rules at N.J.A.C. 7:8-1.2, incorporated herein by reference.

### **26-12.3. Design and Performance Standards for Stormwater Management Measures:**

This section establishes design and performance standards for stormwater management measures for major development intended to minimize the adverse impact of stormwater runoff on water quality and water quantity and loss of groundwater recharge in receiving water bodies. Design and performance standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5, incorporated herein by reference.

### **26-12.4. Solids and Floatable Materials Control Standards:**

A. Site design features identified under Subsection 26-12.3 above, or alternative designs in accordance with Subsection 26-12.3 above, to prevent discharge of trash and debris from drainage systems shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, “solid and floatable materials” means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Subsection 26-12.4.A.2 below.

1. Design engineers shall use one of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:
  - i. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines; or
  - ii. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension. Note that the Residential Site Improvement Standards at N.J.A.C. 5:21 include requirements for bicycle safe grates.

Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater system floors used to collect stormwater from the surface into a storm drain or surface water body.

- iii. For curb-opening inlets, including curb-opening inlets in combination inlets, the clear space in that curb opening, or each individual clear space if the curb opening has two or more clear spaces, shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.

2. The standard in Subsection 26-12.4.A.1. above does not apply:
  - i. Where each individual clear space in the curb opening in existing curb-opening inlet does not have an area of more than nine (9.0) square inches;
  - ii. Where the municipality agrees that the standards would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets;
  - iii. Where flows from the water quality design storm as specified in the last amended Stormwater Management rules at N.J.A.C. 7:8 et seq. are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:
    - a. A rectangular space four and five-eighths (4.625) inches long and one and one-half (1.5) inches wide (this option does not apply for outfall netting facilities); or
    - b. A bar screen having a bar spacing of 0.5 inches.

Note that these exemptions do not authorize any infringement of requirements in the Residential Site Improvement Standards for bicycle safe grates in new residential development (N.J.A.C. 5:21-4.18(b)2 and 7.4(b)1).

- iv. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1 inch) spacing between the bars, to the elevation of the Water Quality Design Storm as specified in N.J.A.C. 7:8; or
- v. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

#### **26-12.5. Safety Standards for Stormwater Management Basins:**

A. This section sets forth requirements to protect public safety through the proper design and operation of stormwater management basins. This section applies to any new stormwater management basin. Safety standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-6, incorporated herein by reference.

#### **B. Safety Ledge Illustration**

Elevation View –Basin Safety Ledge Configuration

**26-12.6. Requirements for a Site Development Stormwater Plan:**

**A. Submission of Site Development Stormwater Plan**

1. Whenever an applicant seeks municipal approval of a development subject to this ordinance, the applicant shall submit all of the required components of the Checklist for the Site Development Stormwater Plan at Subsection 26-12.6.C below as part of the submission of the application for approval.
2. The applicant shall demonstrate that the project meets the standards set forth in this ordinance.
3. The applicant shall submit eight (8) copies of the materials listed in the checklist for site development stormwater plans in accordance with Subsection 26-12.6.C of this ordinance.

**B. Site Development Stormwater Plan Approval**

The applicant's Site Development project shall be reviewed as a part of the review process by the municipal board or official from which municipal approval is sought. That municipal board or official shall consult the municipality's review engineer to determine if all of the checklist requirements have been satisfied and to determine if the project meets the standards set forth in this ordinance.

**C. Submission of Site Development Stormwater Plan**

The following information shall be required:

1. Topographic Base Map

The reviewing engineer may require upstream tributary drainage system

information as necessary. It is recommended that the topographic base map of the site be submitted which extends a minimum of 200 feet beyond the limits of the proposed development, at a scale of 1"=200' or greater, showing 2-foot contour intervals. The map as appropriate may indicate the following: existing surface water drainage, shorelines, steep slopes, soils, erodible soils, perennial or intermittent streams that drain into or upstream of the Category One waters, wetlands and flood plains along with their appropriate buffer strips, marshlands and other wetlands, pervious or vegetative surfaces, existing man-made structures, roads, bearing and distances of property lines, and significant natural and manmade features not otherwise shown.

## 2. Environmental Site Analysis

A written and graphic description of the natural and man-made features of the site and its surroundings should be submitted. This description should include a discussion of soil conditions, slopes, wetlands, waterways and vegetation on the site. Particular attention should be given to unique, unusual, or environmentally sensitive features and to those that provide particular opportunities or constraints for development.

## 3. Project Description and Site Plans

A map (or maps) at the scale of the topographical base map indicating the location of existing and proposed buildings roads, parking areas, utilities, structural facilities for stormwater management and sediment control, and other permanent structures. The map(s) shall also clearly show areas where alterations will occur in the natural terrain and cover, including lawns and other landscaping, and seasonal high groundwater elevations. A written description of the site plan and justification for proposed changes in natural conditions shall also be provided.

## 4. Land Use Planning and Source Control Plan

This plan shall provide a demonstration of how the goals and standards of Subsection 26-12.3 is being met. The focus of this plan shall be to describe how the site is being developed to meet the objective of controlling groundwater recharge, stormwater quality and stormwater quantity problems at the source by land management and source controls whenever possible.

## 5. Stormwater Management Facilities Map

The following information, illustrated on a map of the same scale as the topographic base map, shall be included:

- i. Total area to be disturbed, paved or built upon, proposed surface contours, land area to be occupied by the stormwater management facilities and the

type of vegetation thereon, and details of the proposed plan to control and dispose of stormwater.

- ii. Details of all stormwater management facility designs, during and after construction, including discharge provisions, discharge capacity for each outlet at different levels of detention and emergency spillway provisions with maximum discharge capacity of each spillway.

#### 6. Calculations

- i. Comprehensive hydrologic and hydraulic design calculations for the pre-development and post-development conditions for the design storms specified in Subsection 26-12.3 of this ordinance.
- ii. When the proposed stormwater management control measures depend on the hydrologic properties of soils or require certain separation from the seasonal high water table, then a soils report shall be submitted. The soils report shall be based on onsite boring logs or soil pit profiles. The number and location of required soil borings or soil pits shall be determined based on what is needed to determine the suitability and distribution of soils present at the location of the control measure.

#### 7. Maintenance and Repair Plan

The design and planning of the stormwater management facility shall meet the maintenance requirements of Subsection 26-12.7.

#### 8. Waiver from Submission Requirements

The municipal official or board reviewing an application under this ordinance may, in consultation with the municipality's review engineer, waive submission of any of the requirements in Subsection 26-12.6.C.1 through Subsection 26-12.6.C.6 of this ordinance when it can be demonstrated that the information requested is impossible to obtain or it would create a hardship on the applicant to obtain and its absence will not materially affect the review process.

### **26-12.7. Maintenance and Repair:**

#### A. Applicability

Projects subject to review as in Subsection 26-12.1.C of this ordinance shall comply with the requirements of Subsection 26-12.7.B and Subsection 26-12.7.C.

#### B. General Maintenance

1. Maintenance for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5.8, incorporated herein by reference.

2. The following requirements of N.J.A.C. 7:8-5.8 do not apply to stormwater management facilities that are dedicated to and accepted by the municipality or another governmental agency, subject to all applicable municipal stormwater general permit conditions, as issued by the Department:
    - i. If the maintenance plan identifies a person other than the property owner (for example, a developer, a public agency or homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's or entity's agreement to assume this responsibility, or of the owner's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation; and
    - ii. Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project. The individual property owner may be assigned incidental tasks, such as weeding of a green infrastructure BMP, provided the individual agrees to assume these tasks; however, the individual cannot be legally responsible for all of the maintenance required.
  3. In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the municipality shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have fourteen (14) days to effect maintenance and repair of the facility in a manner that is approved by the municipal engineer or his designee. The municipality, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the municipality or County may immediately proceed to do so and shall bill the cost thereof to the responsible person. Nonpayment of such bill may result in a lien on the property.
- C. Nothing in this subsection shall preclude the municipality in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D-53.

#### **26-12.8. Penalties:**

Any person(s) who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this ordinance shall be subject to the penalties as specified in Chapter 26 Development Regulations, Section 26-9, entitled "Violations and Penalties." of the Borough Code of the Borough of Allenhurst.

#### **26-12.9. Severability:**

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

**26-12.10. Effective Date:**

This Ordinance shall be in full force and effect from and after its adoption and any publication as required by law.

**AND, BE IT FURTHER ORDAINED**, that a copy of this Ordinance, upon introduction, shall be provided to all appropriate municipal agencies, including the Planning Board, for their information and reference to the same per New Jersey Statutes; and

**BE IT FURTHER ORDAINED**, that any ordinances or portions thereof which are inconsistent with the provisions of this Ordinance are hereby repealed as of the effective date of this Ordinance. All other provisions of the Borough Code of the Borough of Allenhurst are ratified and remain in full force and effect; and

**BE IT FURTHER ORDAINED**, that if any provision of this Ordinance or the application of such provision to any person or circumstance is declared invalid, such invalidity shall not affect the other provisions of applications of this Ordinance which can be given effect, and to this end, the provisions of this Ordinance are declared to be severable.

VOTE: Comm. McLoughlin-\_\_\_\_; Comm. Cumiskey-\_\_\_\_; Mayor McLaughlin-\_\_\_\_\_.

**THEREFORE, BE IT RESOLVED**, That John R. Chipak be hired as a First Year (Probationary Non-PTC Certified) Officer in the Allenhurst Police Department, effective April 1, 2024 at a salary of \$45,787.00.

VOTE: Comm. McLoughlin-\_\_\_\_; Comm. Cumiskey-\_\_\_\_; Mayor McLaughlin-\_\_\_\_\_

**RESOLUTION #2024-104**  
**RESOLUTION AWARDING COMPETITIVE CONTRACT FOR A CONCESSIONAIRE TO OPERATE A CONVENIENCE DISPENSARY AT THE ALLENHURST BEACH CLUB FOR THE 2024 SEASON.**

Offered By:                      Seconded By:

**WHEREAS**, the Board of Commissioners of the Borough of Allenhurst has determined that it is in the best interests of the Borough to seek a concessionaire to operate a convenience dispensary at the Allenhurst Beach Club (ABC) for the 2024 season; and

**WHEREAS**, N.J.S.A. 40A:11-4.1 of the Local Public Contracts Law allows for Competitive Contracting to be used in lieu of public bidding for procurement of specialized goods and services the price of which exceeds the bid threshold, for concessionaire services; and

**WHEREAS**, the Borough received proposals on March 20, 2024 and there was only one (1) respondent; and

**WHEREAS**, in light of there being only one (1) respondent the Borough Administrator provided a recommendation report to the Board of Commissioners recommending the award of the lease to said lone respondent; and

**WHEREAS**, at its meeting on March 26, 2024, the Board of Commissioners scored the lone proposal and found that the same met or exceeded the minimum standards set forth in the Request for Proposals.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Commissioners of the Borough of Allenhurst, in the County of Monmouth, New Jersey that the statements contained in the foregoing preamble be and are hereby incorporated into this Resolution as if more fully set forth herein at length; and

**BE IT FURTHER RESOLVED** that the Mayor and/or the administrator be and are hereby authorized to execute such documents as necessary to award the License to operate the convenience dispensary at the Allenhurst Beach Club (ABC) for the 2024 season to the lone respondent, The Danielle Group LLC / DBA Dani Risi.

VOTE: Comm. McLoughlin-\_\_\_\_; Comm. Cumiskey-\_\_\_\_; Mayor McLaughlin-\_\_\_\_\_

**RESOLUTION #2024-105**  
**A RESOLUTION TO HIRE CLASS I OFFICERS**

Offered By:

Seconded By:

**WHEREAS**, There is a need for Class I special police officers on an seasonal as-needed basis; and,

**WHEREAS**, Alexander Allocco, Bryden Delaney, Trevor Garbayo, and Katherine Martinez have been enrolled in the Monmouth County Police Academy to take the Basic Course for Class I Special Law Enforcement Officers; and,

**WHEREAS**, Trainees must be appointed as Class I Special Law Enforcement Officers prior to enrollment, and the Chief of Police has recommended the hiring of Alexander Allocco, Bryden Delaney, Trevor Garbayo, and Katherine Martinez as a Class I Special Officers on an as-needed basis;

**NOW, THEREFORE, BE IT RESOLVED**, By the Board of Commissioners of the Borough of Allenhurst, that Alexander Allocco, Bryden Delaney, Trevor Garbayo, and Katherine Martinez be hired as SLEO I, to be used on an as-needed basis at \$17.00/hr. This appointment shall be pending their graduation from the academy and effective April 16, 2024 and will terminate on, or before, September 30, 2024.

VOTE: Comm. McLoughlin-\_\_\_\_; Comm. Cumiskey-\_\_\_\_; Mayor McLaughlin-\_\_\_\_\_

**RESOLUTION #2024-106**  
**A RESOLUTION TO APPROVE ABC REFUNDS**

Offered By:

Seconded By:

**BE IT RESOLVED**, That the following refund of ABC fees be approved:

**RESOLUTION #2024-109**

**A RESOLUTION TO ADOPT 2024 MUNICIPAL BUDGET**

Offered By:

Seconded By:

**BE IT RESOLVED**, By the Board of Commissioners of the Borough of Allenhurst, County of Monmouth, that the budget hereinbefore set forth is hereby adopted and shall constitute an appropriation for the purposes stated of the sums therein set forth as appropriations and authorization of the amount of:

1. General Revenues		
Surplus Anticipated	08-100	1,000,000.00
Miscellaneous Revenues Anticipated	13-099	3,089,277.32
Receipts from Delinquent Taxes	15-499	15,000.00
2. AMOUNT TO BE RAISED BY TAXATION FOR MUNICIPAL PURPOSES	07-190	3,168,642.20
3. AMOUNT TO BE RAISED BY TAXATION FOR SCHOOLS IN TYPE I DISTRICTS ONLY: Item 6, Sheet 42	07-195	.00
Item 6(b), Sheet 11 (N.J.S. 40a:4-14)	07-191	.00
Total Amount to be Raised by Taxation for Schools in Type I School Districts Only		.00
4. To be Added TO THE CERTIFICATE FOR AMOUNT TO BE RAISED BY TAXATION FOR SCHOOLS IN TYPE I SCHOOL DISTRICTS ONLY: Item 6(b), Sheet 11	07-191	.00

(N.J.S. 40A:4-14)		
Total Revenues	13-299	7,272,919.52

SUMMARY OF APPROPRIATIONS

5. GENERAL APPROPRIATIONS:	XXXXXXX	XXXXXXXXX
Within CAPS@	XXXXXXX	XXXXXXXXX
(a+b) Operations Including Contingent	34-201	4,909,326.00
(e) Deferred Charges and Statutory Expenditures - Municipal	34-209	631,586.51
(g) Cash Deficit	46-885	
Excluded from CAPS@	XXXXXXX	XXXXXXXXX
(a) Operations - Total Operations Excluded from CAPS	34-305	520,531.60
(c) Capital Improvements	44-999	142,500.00
(d) Municipal Debt Service	45-999	937,035.00
(e) Deferred Charges - Municipal	46-999	
(f) Judgments	37-480	
(n) Transferred to Board of Education for Use of Local Schools (N.J.S. 40:48-17.1 & 17.3)	29-405	
(g) Cash Deficit	46-885	
(k) For Local School District Purposes	29-410	
(m) Reserve for Uncollected Taxes	50-899	131,940.41
6. SCHOOL APPROPRIATIONS - TYPE I SCHOOL DISTRICTS ONLY (N.J.S. 40a:4-13)	07-195	
Total General Appropriations	34-499	7,272,919.52

VOTE: Comm. McLoughlin-\_\_\_\_; Comm. Cumiskey-\_\_\_\_; Mayor McLaughlin-\_\_\_\_
